

JOHNSONVILLE GRADED SCHOOL.

Johnsonville, May 22:—The closing exercises of the Johnsonville Graded school were held here Thursday and Friday evenings of this week.

On Thursday evening a very interesting and amusing play was presented by the pupils of the higher grades to a large and appreciative audience.

On Friday evening another interesting programme was delightfully rendered to a large crowd, after which the literary address was made by ex-Lieut-Gov T G McLeod of Bishopville. Mr McLeod said were he asked to suggest a symbol of education, it should be an interrogation point, and if he were asked to inscribe thereon a motto, it should be the one word, "Why?" In his enlargement of this theme he said that all education is the direct result of intelligent questioning, and was particularly happy in his remarks throughout the discourse. He delighted his audience, and Mr McLeod will always find at Johnsonville a glad welcome.

After his address Mr McLeod was called on to deliver a certificate in music to Miss Rowena Adell Eaddy; a medal in music, Miss Birdie Eaddy for the greatest progress in music during the session; and prizes in spelling for the highest averages in the 5th, 6th and 7th grades as follows: Eva Tanner, Albert May Eaddy, and Ella Russell Poston, respectively.

Mr McLeod was particularly pleasing in his remarks to the winners of these certificates and prizes. There were no graduates from the high school this year on account of the school having put in the eleventh grade.

Johnsonville having recently voted to issue \$15,000.00 in bonds for the erection of a modern school building, the architects are now engaged on plans and specifications and we hope to have the building ready for the next session of school.

For the session of 1915-16 the following teachers have been re-elected: Misses Elise Rollins, Myrtle Poston, Henree Newell and Gertrude Culberson. The principal and music teacher not yet elected.

At a recent meeting of the building committee and members of the Methodist church it was decided to commence at once the erection of a modern and commodious church building which will be a credit to Methodism here.

Mr Walton McLeod of Lynchburg and Mr — Singletary of Bishopville were here Friday evening to attend the school exercises.

There is a movement on foot which we are informed will soon be put into execution to build a new block of brick stores on Broadway street. This will fill a long-felt want here, as there has been a continued cry for store buildings which so far have not been furnished to meet the demand.

Mr Jackson Huggins, who recently moved here with his family from Hemingway, has moved into his new modern home and is now erecting a large market building on Broadway, which he will occupy with his general market business immediately on completion.

Two new mercantile firms have recently opened up business here, and others are only awaiting the completion of store buildings. Watch Progressive Johnsonville.

Best Thing for a Bilious Attack.

"On account of my confinement in the printing office I have for years been a chronic sufferer from indigestion and liver trouble. A few weeks ago I had an attack that was so severe that I was not able to go to the case for two days. Failing to get any relief from any other treatment, I took three of Chamberlain's Tablets and the next day I felt like a new man," writes H C Bailey, editor Carolina News, Chapin, S. C. Bennett School Closes.

Salters Depot, May 24:—Bennett school, about five miles from Salters, closed its session Friday night, May 21. After an opening prayer by Rev W I Sinnott and a welcome song by the entire school, the welcome address was delivered by little Miss Zoulae Shier. The exercises consisted of songs, dialogues and drills, and the excellent way in which the children performed their parts reflected great credit upon their teacher, Miss Motte L Clement.

While it may be invidious to select any portion of the entertainment as worthy of special mention, two exercises seemed to be particularly enjoyed, viz: The drill in which eight girls with sunbonnets placed backwards upon their heads went through various movements on the stage, and "The Sick Doll", in which little Dr Emmett Brown, seven years of age, wearing long trousers and otherwise fitted out as became the dignity of his profession, ministered to the sick doll of little Miss Sallie Boyd.

Delightful music was furnished by Misses Minnie and Lucile Bryan, the prizes were delivered by County Superintendent R N Speigner and an interesting and instructive address was given by Solicitor Philip H Stoll, which was followed by the closing song, "Vacation Song", sung by the entire school. Lame Back.

Lame back is usually due to rheumatism of the muscles of the back. Hard working people are most likely to suffer from it. Relief may be had by massaging the back with Chamberlain's Liniment two or three times a day. Try it. Obtainable everywhere.

M. F. HELLER

On a personal visit to Mr Henry Ford I broached the subject of a possible August 1 Rebate.

(The Ford Company announced last year—as you well remember—that if their total sales reached 300,000 cars between August 1, 1914, and August 1, 1915, each purchaser during that period would receive back a refund of \$40.00 to \$60.00.)

"Mr. Ford," I suggested, "Is there anything I can say to our people with regard to the Ford Motor Company's 300,000 car rebate plan?"

"We shall sell the 300,000," was the quiet reply—"and in 11 months, a full month ahead of August 1st!"

"Then a refund is practically assured?"

"Yes—barring the totally unexpected. We are 50,000 to 75,000 cars behind orders today. Factory and branches are sending out 1800 daily."

I then said to Mr. Ford: "If I could make a definite refund statement we would increase our local sales 500 cars."

"You may say," was Mr. Ford's deliberate and significant reply to this—"You may say that we shall pay back to each purchaser of a Ford car between August 1, 1914, and August 1, 1915, barring the unforeseen, the sum of \$50. You may say that I authorized you to make this statement!"
